Other and Federal	\$0	\$0
Local Expenditure	\$0	\$0
Local Revenue	\$0	\$0

Fiscal Impact Summary

This bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds.

Explanation of Fiscal Impact

Introduced on January 11, 2017

State Expenditure

This bill creates a committee to study whether it is in the public interest for the Department of Health and Environmental Control (DHEC) to establish a shingles vaccination program for individuals sixty years or older. The committee will consist of seven members assisted by staff from the Senate and House of Representatives. The committee's responsibilities consist of analyzing the costs and benefits of offering the shingles program and the feasibility of offering the vaccine at local DHEC public health offices and through local pharmacies. The committee shall provide a report to the General Assembly by December 31, 2017, at which point the committee will dissolve. Members of the committee shall serve without mileage, per diem, or substance. Therefore, we expect the bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds.
