Explanation of Fiscal Impact

Introduced on February 7, 2018

State Expenditure and State Revenue

This bill allows the Department of Archives and History (DAH) to gift materials from its collections to another public or nonprofit institution or sell them. The bill also requires that all funds from sales must be used for improved access to and preservation of the state archives collections. This bill repeals current law regarding the use of funds from the sale of archival material.

The bill also outlines provisions for the use of proceeds from facility rentals, gift shop operations, training sessions, sales of publications, reproduction and repair of documents, research fees, handling charges, and sales of National Register of Historic Places certificates. These funds may be used by DAH to cover the cost of facility operations and maintenance, gift shop inventory, training sessions, and other uses as specified.

These provisions are included in Provisos 26.1 and 26.2 in the FY 2017-18 Appropriations Act. Since DAH is compliant with the requirements of this bill, there is no expenditure or revenue impact on the General Fund, Other Funds, or Federal Funds.
