**Fiscal Impact Summary**

The extension of the sunset date from June 30, 2019, to November 30, 2020, to exclude private, for-profit companies from the definition of public utility will not increase the workload of the Public Service Commission (PSC) or require the agency to retain outside experts. Therefore, the bill will have no expenditure impact on Other Funds of PSC. Additionally, since PSC is operated solely on Other Funds, the bill will have no expenditure impact on the General Fund or Federal Funds.

**State Expenditure**

This bill extends the sunset provision in Section 2 of Act 205 of 2016 from June 30, 2019, to November 30, 2020. Act 205 of 2016 relates to the eminent domain of property to exclude private, for-profit pipeline companies from the definition of public utility.

PSC indicates that the extension of the sunset from June 30, 2019, to November 30, 2020, to exclude private, for-profit companies from the definition of public utility will not increase the workload of the agency or require the agency to retain outside experts. Therefore, the bill will have no expenditure impact on Other Funds. Additionally, since PSC operates solely on Other Funds, the bill will have no expenditure impact on the General Fund or Federal Funds.
