Explanation of Fiscal Impact

State Expenditure

This bill amends Section 10-1-220 to place free feminine hygiene products in each female restroom in every public building, agency, office, department, division, commission, or institution owned by the State.

Department of Administration. The department indicates this bill would require nonrecurring Other Fund expenditures of \$2,365,284 in FY 2016-17 to purchase, install, and supply 2,965 feminine hygiene product dispensers. A dispenser costs \$550 to purchase, \$150 for installation, and \$87 in supplies for an average total of \$787 each. Annual recurring Other Fund expenditures will be \$260,884 for sanitary pads and tampon supplies. Costs for feminine hygiene product dispensers and supplies were based on current state contracts, and the number of dispensers was based on a one-per-floor requirement assumption for state buildings. This bill would have no expenditure impact on the General Fund or Federal Funds.
