Explanation of Fiscal Impact

State Expenditure

This bill would amend Section 7-3-80 to create a registration system within the State Election Commission where a person with a mental or physical infirmity may voluntarily remove his/her name from jury lists.

The State Election Commission indicates that this bill would require programming changes to the current statewide voter registration system as well as training of county and state employees. The agency estimates an expenditure impact of \$100,000 to the General Fund to assist with design, development, and training of this additional component.
