Signed by Governor on May 10, 2017

State Expenditure

This bill permits a baseball complex to apply for a permit to purchase and sell beer and wine for on-premises consumption, as well as apply for a biennial license to purchase and sell alcoholic liquors by the drink. A baseball complex is defined as a baseball stadium, along with its ancillary grounds and facilities that hosts a professional minor league baseball team.

Department of Revenue. The department indicates this bill will have no expenditure impact on the General Fund, Other Funds, or Federal Funds. The agency currently issues the aforementioned biennial permits and biennial licenses to the owners of baseball complexes.

State Revenue

This bill authorizes the Department of Revenue (DOR) to issue a biennial permit for the purchase and sale for on-premises consumption of beer and wine and a biennial license for the purchase and sale for on-premises consumption of alcoholic liquors by the drink to the owner of a baseball complex that hosts a professional minor league baseball team. In the event that the

owner applies for both of the aforementioned permit and license, only one fee is required, which is the same as the fee for the fifty-two week local option permit pursuant to Section 61-6-2010. The revenue derived from the permit and license must be used pursuant to Section 61-6-2010.

Based upon information provided by DOR, the four professional minor league baseball teams in the state currently have both the biennial permit for the purchase and sale for on-premises consumption of beer and wine and the biennial license for the purchase and sale for on-premises consumption of alcoholic liquors by the drink. Since DOR is currently issuing the aforementioned biennial permits and biennial licenses to the owners of baseball complexes, the bill will have no revenue impact on the General Fund, Other Funds, or Federal Funds.
